SAMPLE TRAVELLER

This itinerary has been prepared to support a proof-of-onward-travel / visa application.

E-ticket issuance is subject to completion of payment.

All times shown are local to each airport.

Please ensure your passport and any required visas are valid for travel. Entry requirements, visas and health documentation vary by destination and can change without notice. Confirm current requirements with the relevant embassy, consulate or airline before travelling.

Data protection: this reservation was created via Duffel, our airline booking provider, and is held in the operating airline's own system. Passenger details are shared only with the airline and the parties needed to hold the booking.

Verification: this reservation can be independently verified with Thai Airways using the reservation code above. It reflects a genuine booking held in the airline's own system, not a purchased ticket. This is a held reservation. A ticket is only issued if and when payment is completed. It lapses automatically under the fare's own terms if it is not confirmed and paid.
